"BOOTLEG" SEGREGATION

The other night, as I watched "The Untouchables", I realized that there is an absolutely PERFECT parallel between whisky drinking during Prohibition--and segregation during Warrenism.

Prohibition was an attempt to FORCE people, by legislation, to do that which they REFUSED to do. The masses of people in America were AGAINST prohibition, so that no matter WHAT the law and the courts tried to do, the people kept finding ways to BOOTLEG what they wanted.

The masses of people in America are AGAINST race-mixing, so that no matter what the courts try to impose, the people, both North and South, keep finding ways to BOOTLEG segregation--which the coons calls "de facto" segregation.

In the days of prohibition, the very politicians and judges who were "enforcing" the un-enforceable prohibition laws--would often go home and themselves participate in the whisky drinking they publicly fought. Today, under Warrenism, the same politicians who make so many pious speeches and laws to force the rest of us to MIX--go home and send their kids to PRIVATE SCHOOLS where they can get a little BOOTLEG SEGREGATION.

The really SIGNIFICANT lesson from the parallel, however, is the parallel between the FEDERAL AGENTS during bootleg whisky, and the federal agents during bootleg segregation. In the twenties, local law enforcement regularly "winked" at bootleggers and whisky drinking; they knew it was what the people wanted, and they went along with it. But the FEDERAL agents were something ELSE. They were PROS. They could not be bought, sold, threatened or sweet-talked. They were so ruthless in enforcing the prohibition LAW, as they were told it was WRITTEN, that they were known as "The Untouchables". Nobody could "touch" them. They smashed up stills and bootlegging operations in spite of the howls of local politicians, no matter how powerful the latter were. Governors and mayors were struck down by the "federal agents" of Elliot Ness.

Today, American Whites are DETERMINED to "bootleg" segregation, and go to fantastic lengths to keep up the farce. Instead of putting ALL its effort into UNITING the American people, who hate race-mixing from Boston to Birmingham and Louisiana to Los Angeles--and getting the bad laws CHANGED, the South, especially, insists on waving CONFEDERATE flags, trying to CIRCUMVENT the law, preaching defiance of court orders and doing anything else EXPEDIENT instead of buckling down to the job of CHANGING THOSE ROTTEN, RACE-MIXING LAWS. The enemy has thus made "bootleggers" out of most of the good White folks of the South--and the North, too.

And the bootleggers are having exactly the same troubles their prohibition predecessors did with the FEDERAL AGENTS--with the "Untouchables" of the FBI. The FBI ENFORCES THE LAW, AND OBEYS ORDERS, AS GOOD POLICEMEN SHOULD AND MUST. WE will certainly expect them to, and they WILL. When WE are in the White House and send the FBI up to New York City to STOP SOME JEW-BOOTLEGGED MIXING --after we have CHANGED THE LAW, I am damned sure the FBI agents will very happily grab every little nigger and Jew mixed up in the illegal operations.

All history has proved that you CAN'T force major social changes by legislation. When some minority tries to FORCE itself on us by illegal laws, the answer is not to BOOTLEG what is RIGHT. The answer is to FIGHT TO CHANGE THE LAWS! Let's get rid of the crazy law that tries to make "PEOPLE" out of NIGGERS.

"FINAL SOLUTION"

The Buddhist monks who have been barbecuing themselves in Vietnam seem to me to have invented a truly great solution to a lot of our problems. If we could only get Martin Luther Koon, Harry Golden, Sammy Davis, Jr. and a few other heroes of the nigger revolution to douse themselves with gasoline on the White House lawn and go up in a blaze of nigger-Jew-race-mixing glory--America would be a lot better off. Harry Golden might not even need much of the charcoal starter. The Kosher grease and Jew-chicken-fat stored up all around inside this corpulent kike would keep him burning cheerfully without any "Quick-start" or other Bar-b-q aids.

BROTHERHOOD ON THE MARCH

The Governor of Maryland has just "commuted" the death sentences of three niggers who raped a White girl. They will probably be "paroled"--quietly--in three or four years. The Washington Post is complaining bitterly about the injustice of sending them to prison at ALL. "They should be FREED completely", howls the Post, "even though they DID rape this White girl--BECAUSE SHE WASN'T A VIRGIN"! --and, besides, it is 'barbaric" to execute nice niggers just for RAPE!

After thinking this over, we can see the Post might have a point. In fact, we are all for Governor Tawes RESIGNING over the matter. In all decency, the Governor ought to realize that these wonderful nigger rapists have actually shown all of us the LIGHT OF THE FUTURE! By clasping this sining White girl to their bosoms, each one in rapid succession, out there in the blackness of the night in the Maryland woods, these black apostles of brotherhood did not <u>really</u> RAPE the girl. What they did was to show <u>REAL</u> BROTHERHOOD in ACTION. While other coons are talking, these wonderful niggers were ACTING! These nigger rapists are really the WAVE of the FUTURE!

Yes, Tawes should RESIGN! --However, not before one last gesture to show that the White Man realizes, at last, his enormous debt to the Black Man and the superiority of our black brothers in this matter of LOVE.

Since those gentlemen of color showed such obvious and direct inter-racial LOVE IN ACTION, we feel that the Governor should appoint the black rapists a "triumvirate" to govern in his place. Let LOVE and BROTHERHOOD march on, and let those who stand athwart the path of inter-racial progress RESIGN! If we had installed the Scottsboro nigger rapists of a decade or so ago as the President and Cabinet of America, instead of a bunch of lily-white DISCRIMINATORS--there would have been no NEED of a nigger March on August 28th.

Twilight of Honor

The Prime Minister of Great Britain thinks it politically expedient to shuck off the titles of nobility which his forefathers won in many centuries of HEROISM. He has resigned his peerage, and seeks to be elected "democratically" to the House of Commons. This is another sign of the utter cowardice and DECADENCE of our times.

Where once the British Lion terrorized--and thus ORGANIZED and CIVILIZED--most of the world, now the sterling MEN and LEADERS who once made tiny Britain the very crown jewel of Western civilization have sunk to such depths of weakness and degeneracy that they seek to AD-VANCE themselves by DEGRADING themselves, by CRAWLING at the feet of nigger "equals" and howling mobs more interested in Christine and sex than in maintaining Britain as a POWER and thus as a NATION.

I have long imagined that the "stiff-upper-lip" tradition of the British "public school" and the centuries of iron-clad tradition of our British racial brothers, and, most of all, the HEROISM in the very blood of Englishmen, would prevent this kind of degradation, such as we suffer so bitterly here in super-democratic, nigger-ized America.

But the latest "democratic" madness of the new leader of Britain shows that the Jews there have perhaps succeeded more completely with their commercialization and popularization of pornography, vice, nigger "culture" and every form of perversion and degeneracy than they have been able to do even here in prostrate America!

I am no believer in "royalty". I, along with Adolf Hitler, believe that leadership comes from the RACE, not an individual chosen before birth by some hereditary and arbitrary system.

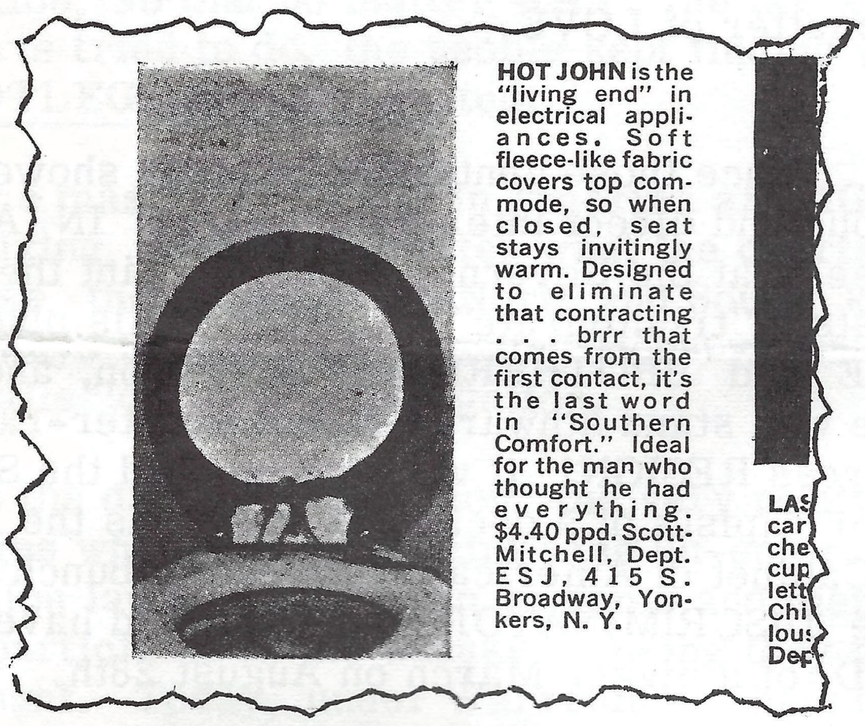
But there was much of incalcuable value in British TRADITION and BRITISH HONOR. For centuries, these qualities of the SPIRIT mastered the earth from pole to pole and from Capetown to Singapore. Men of the Viking, White Race, who called themselves "Britons", subdued and organized the inferior of the earth into a PEACEFUL and PRODUCTIVE world, something the half-wit pacifists and peace-creeps can only chant and dream of.

Truly, with the Prime Minister turning his back on his heritage of greatness and crawling for favors to the lowest West Indian black scum, masses

of degenerates and half-wits (who are now accepted as "Englishmen"!!!), the only spark of hope for all decent Englishmen is the great Colin Jordan, leader of our British National Socialist Movement there. HERE is an ENGLISHMAN! --A man who looks down his nose at a crowd of Jewish swine who throw rocks at a gentleman's wedding--and a man who will one day soon hang such impudent scum by their heels!

For Tender Liberal Tails

Here is an advertisement in the latest "Esquire". Comment seems almost superfluous.



HOT JOHN is the "living end" in electrical appliances. Soft fleece-like fabric covers top commode, so when closed, seat stays invitingly warm. Designed to eliminate that contracting . . . brrr that comes from the first contact, it's the last word in "Southern Comfort." Ideal for the man who thought he had everything. $4.40 ppd. LAS car che cup lett Chi lous Dep

What CAN you say about a civilization which has become SO effete that its leaders supply enough demand for profitable manufacture of WARM TOILET SEATS? They even point out that the seat is "invitingly" warm!!! "Takes out that brrrr that comes from first contact!" If the manufacturers can afford this expensive ad, there must be people paying good cash money for this product! It is not hard to imagine a business executive installing one on his private pot at the office, and then having a hard time tending to the nation's business because the thought of that warm, comfortable toilet seat keeps beckoning--"inviting"!

I doubt that even the decadent and effete Romans in the last days of the Decline ever sank to THIS level.

Instead of "invitingly warm" toilet seats, what this country needs are some old fashioned OUTSIDE two-holers at our effete State Department, Harvard, the White House and other centers of treason and effete degeneracy, so that on a blizzardy winter day in January, the Peace Creeps would think less about that end of their anatomy.

"Jew War Criminals"

The current issue of "Esquire" (November 1963) contains a truly astounding article--an article which I would have thought the Jews would have moved heaven and earth to keep out of a national publication. I cannot understand how this article ever got into print--because it clearly shows what informed American Nazis and many patriots have known for years, that the bombing of civilian populations and mass murders by bombers was not started by Hitler any more than he "started" WW II, but by German-hating Jew puppets like Churchill and Roosevelt. The public is never allowed to get the facts on these matters.

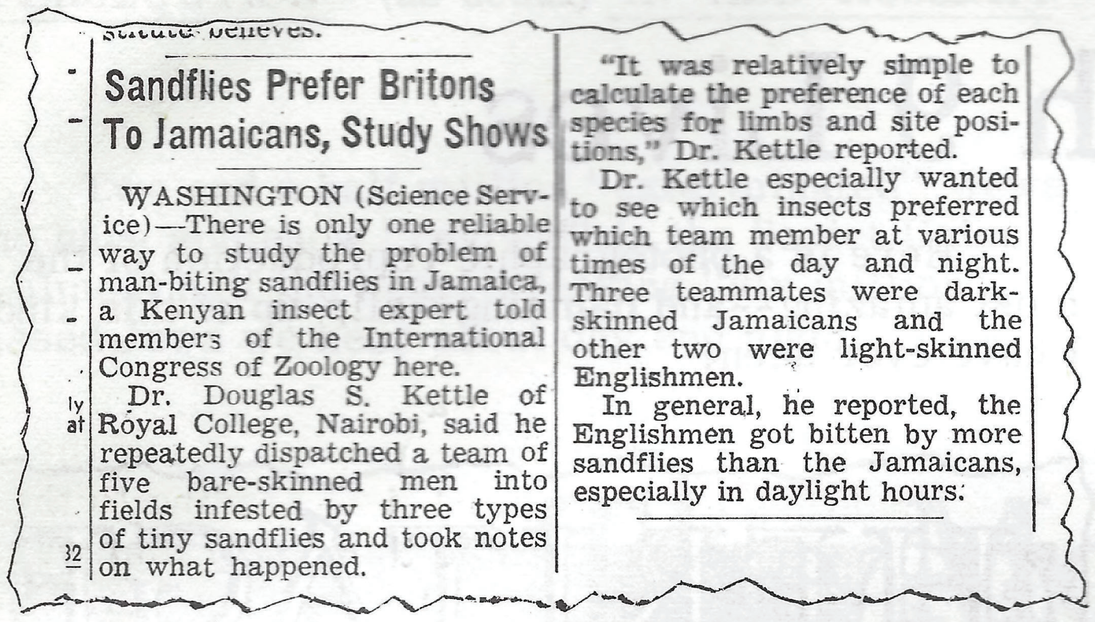
Nevertheless, the November issue of Esquire contains an article which should curdle the blood of every decent White Man in the world. With damning statistics, it shows how pro-Russian and German-hating leaders coldly plotted and accomplished the burning alive of literally hundreds of thousands of innocent White Christian women and children in the bombing of Dresden!

Perhaps most amazing of all, the article goes so far as to suggest that the planners of this unspeakable atrocity should have been tried and punished as "war criminals"!

CIVIL RIGHTS CRISIS

WASHINGTON: Fast-moving developments have shaken the national civil rights scene. And now comes the startling discovery of one of the worst cases of discrimination because of color in the history of mankind's rise from savagery.

The crisis has widened during the last few hours and all government agencies on discrimination have been placed on a stand-by alert. The White House is seriously concerned with the situation and has set up a special watch-dog commission to keep abreast of changes in the crisis on an hourly basis.



...situde believes.

Sandflies Prefer Britons To Jamaicans, Study Shows

WASHINGTON (Science Service)—There is only one reliable way to study the problem of man-biting sandflies in Jamaica, a Kenyan insect expert told members of the International Congress of Zoology here.

Dr. Douglas S. Kettle of Royal College, Nairobi, said he repeatedly dispatched a team of five bare-skinned men into fields infested by three types of tiny sandflies and took notes on what happened.

"It was relatively simple to calculate the preference of each species for limbs and site positions," Dr. Kettle reported.

Dr. Kettle especially wanted to see which insects preferred which team member at various times of the day and night. Three teammates were dark-skinned Jamaicans and the other two were light-skinned Englishmen.

In general, he reported, the Englishmen got bitten by more sandflies than the Jamaicans, especially in daylight hours.

The primitive descriminatory practices were inadvertently brought to light last week by Dr. Douglas S. Kettle in testimony before the International Congress of Zoology here. At that time, while making a report on various experiments with insects, Dr. Kettle referred to one recent experiment dealing with the biting habits of sandflies toward humans. In repeated experiments Dr. Kettle said he dispatched a team of five bare-skinned men into fields infested by the tiny sandflies. Three of the teammates were black-skinned Jamaicans and the other two were white-skinned Englishmen.

The discovery, which has since touched off a crisis with international implications, was astounding.

The sandflies overwhelmingly preferred the white-skinned Englishmen to the black-skinned Jamaicans.

An alert member of the Congress of Racial Equality, employed as a rest room custodian at the Congress, overheard the testimony and was appalled. He immediately telephoned the CORE Regional Field Office, which sprang into instant action.

So startling was the discovery of this dreadful and animalistic form of discrimination toward human beings because of the black color of their skin that momentary confusion erupted among some of the younger CORE members in their zeal to correct the situation. The younger members were agreed that demonstrations must be staged immediately as the first form of protest, but the kind of demonstration could not be agreed upon.

Some suggested sitting-in amongst the Jamaican jungles and refusing to move until the sandflies agreed to bite them. Others advocated an economic boycott of sandflies, entailing military encirclement of the sandfly region so that no one could enter and thus prevent the discriminators from biting anyone at all. A more zealous Negro youth, from the Student Non-Violent Coordinating Committee, urged a "scorched earth" policy toward the sandflies. This involved burning the entire Island of Jamaica to the ground so that no discriminators could escape. This latter view was held "too radical" by the responsible leaders of the group.

Order was established by mature Civil Rights leaders, in the persons of Arthur Spingarn, Marvin Rich and Jack Greenberg. It was agreed that the crisis definitely had international scope because it was based in Jamaica, and so an international organization, combining all major civil rights groups was formed to combat it.

The group is to be called the Anti-Sandfly Society for Equal Selection. A.S.S.E.S. will have chapters throughout the world, with headquarters in Washington. James Baldwin was named European Coordinator and Marlon Brando accepted the post of honorary president.

Plans for an Asian Branch were shelved, and in a statement issued from ASSES D. C. Headquarters, they explained that the recommended leader for Asia, a Vietnamese Buddhist Monk, had been described as a real "ball of fire", but the statement regretted that he "was no longer with us".

In New York City, Mayor Wagner moved right into the step of things and, acting as chief magistrate of the City, issued an order banning all sandflies from making public appearances at any of the City's parks.

The World Jewish Congress has announced it will take the matter before the United Nations and reminded the world "that although now still tiny, the sandfly stands as a living reminder, that once before a tiny element of bigots mushroomed from obscurity to amazing heights almost overnight".

So fundamentally basic is this dastardly form of discrimination because of skin color, declared Senator Barry Goldwater, that he would wholeheartedly support ASSES.

In South Africa, anti-Apartheid leader, Arthur Goldreich, defiantly announced that "sandflyism" smells too much like "Nazism" and vowed he would join ASSES.

Back in the states, a massive march on the Jamaican sandfly jungles is now being prepared. And as the boats are being readied for the "float-in" to Jamaica, the Reverend Martin Luther King, leader of ASSES, has just addressed the throng of Negroes numbering 20 million!

"I have a dream chillun, that in this world someday it'll be proper and fittin' for every single colored man to enjoy the basic human right to be bitten."

Jews With 9 Lives

Liars can't help slipping up once in a while--which is why cross examination is such a powerful weapon against perjurers in a courtroom. It is impossible for a human being to tell a lie--and then keep all the million and one consequences which would be true (if the lie were a fact) in his mind. If you ask a liar enough questions about the details surrounding his lie, sooner or later he makes a slip and declares something to be a fact which simply could not be, and thus esposing the fact that he is lying. I have more than once saved myself from perjurers in courtrooms by making use of this truth about liars.

Some day I will manage to force all the Jew liars about Hitler, Nazism and the Jew's own filthy role in Communism and race-mixing into a courtroom where I can apply this technique to the Jew liars. It is because they fear this possibility that the Jews never date hale me into court for criminal libel because they know I will tear them to pieces.

But in the mean time, these inventors of the "Big Lie" keep making little slips in their private publications "for Jews only"--which give their rotten game away.

Herewith we reprint the biggest Jew slip-up I have seen in many a year.

The Kosher Jews--the ones who wear the beannies and beards and don't like to wash--often quarrel with the sharper atheist, communist Jews. The atheist kikes who run Russia have no patience with the beannie and beard set and their "religion". The atheist, communist Jews in Russia are stemping out all religion--which means they also go after the Zionist-Talmud crowd over there.

Their Kosher brothers over here are howling day and night about this little family squabble going on among the Jews in Russia.

In fact, they get so excited in their usual hysterical "Vy-do-you-poisecute-us?"-act that they sometimes forget to keep up appearances for the Goyim.

Here is a photographic reproduction of the most amazing--and damning--slip-up of this kind I have ever seen!

Max Nussbaum Urges Help for Oppressed Russ Jews

NEW YORK [Special]—Rabbi Max Nussbaum, president of the Zionist Organization of America, this week made a strong plea for equal treatment of the Jewish community in Soviet Russia.

He also warned that the "rapid deterioration of the situation of Soviet Jewry has now assumed a stage of danger of cultural genocide that is cause for grave alarm and calls for vigorous intercession with the Soviet Government to heed the voice of justice by halting the process of discrimination."

Dr. Nussbaum said that "at the present time when the East-West cold war has eased resulting in the nuclear test ban agreement and the East-West dialogue continues on the path toward the goal of disarmament, it is indeed most saddening and strange that the Jewish situation in the Soviet Union has retrogressed to an alarming degree.

"This was a year," Dr. Nussbaum said, "which marked a turning point in world's history, bringing revolutionary changes in the social, religious and political spheres both on the international and American scenes.

"While the year has also witnessed deep stirrings within the heart of American Jewish life, with our community joining in the battle for civil rights and establishing a firmer rapport between our own community and the oppressed among our fellow Americans, no line of communication exists between the two largest Jewish communities in the world—our affluent American Jewry and the two and a half million Jewish souls in Soviet Russia who represent the last remnants of the six million of our brethren exterminated by the Nazis."

Read it again! Notice that they describe two and a half million Jews as the "remnants" of the "six million Jews exterminated by Hitler"! "Remnants" can only mean a part remaining after the major portion of something has been done away with or destroyed.

THUS, IN THIS ONE PARAGRAPH, THE

JEW LIARS REVEAL THAT AT LEAST TWO AND A HALF MILLION "EXTERMINATED" KIKES ARE ALIVE AND SQUAWKING ABOUT "PERSECUTION" (as usual) IN RED RUSSIA!!

Two and a half million "exterminated" Jews who have somehow "revived" in the Soviet Union is almost half the heart-breaking "six million" gassed Jews we hear about day and night.

We have plenty of proof that at least another two million somehow jumped out of their graves and are buying up the department stores, real estate, the choice businesses of America, England and other Christian countries.

From this astounding power of Jews to resurrect themselves, we learn a lesson for next time.

When it comes gassing time for traitors in 1972, we shall gas them four or five times and then send the remains to their "equals" in the Congo to be fixed up as cannibal-fricassee or canned for use in years when the missionary crop is thin.

The Moon Race

A lot of people are wondering and writing to me about the Soviet decision to "quit" the moon race.

In my opinion, this is another one of the clever "big lies" put out by the Communists over there to help the filthy Red termites in our own government destroy us from within.

Whoever first lands on the moon and lays official claim to it as an exclusive possession, and establishes it as a military base, will have every nation on earth at its absolute mercy.

Look up at the moon tonight and imagine it just bristling with nuclear weapons aimed at you! You should have little difficulty realizing that the power which accomplishes this will have conquered the world--not to mention the moon!

Not only could our enemies use the moon as a military base, but they can legally and according to international law, claim it--and defend it by force of arms against anybody else trying to land on the moon who would be immediately labeled an "agressor".

The Communists, both the Soviet and domestic American variety, want that enormous power in the hands of Communism and Moscow. If the "moon race" were to continue--and America were to win--world Communism could not use the moon to dominate the earth.

Therefore, the best way to get America OUT of the "moon race" is for the Russians to announce that they have quit trying and for the thousands of Red termites in our government, along with their millions of liberal dupes, to set up a terrible wail about the madness and wastefulness of the "silly" race to the moon.

And this is precisely what is happening! Perhaps the most convincing aspect of this theory is the sudden concern of the "liberals" with wasting and spending money! When you see a liberal moaning and groaning and wringing his hands about running up the national debt another odd billion or so, you will know there is a Martin Luther Coon in the woodpile.

I will predict that, just as Russia's Sputnik burst upon a surprised world, in spite of the announced abandonment of the moon race, that we will all be staggered in a few years by a Russian announcement that the Reds have taken possession of the moon--while we have been debating the project.

Are Apes And Jews Equal?

We are searching for a financial backer for a project which, I think, will do more to louse up the race-mixers and equalists than ten million marches on Washington.

What we propose to do is to establish a SCIENTIFIC RACE-MIXING LABORATORY, in which, under carefully controlled conditions, we can press forward toward the ULTIMATE in race-mixing.

We must gather together thousands of female baboons, apes, gorillas, chimpanzees, etc., and a few thousand of the LOWEST type aboriginal nigger "equals" to be found on earth.

We feel sure that with enough encouragement and enough time, we should be able to come up with a few dozen real HUMDINGERS with which to confront the lovers of all "men". There should be some specimens all the way from grunting apes, up through nigger-like, hairy apes who can mumble a few words, and on up to plain old niggers--perhaps with a little extra hair on their faces.

The fun will be to gether together the NIGGER-LIKE APES, the ones who obviously are PART-APE and like to swing in the trees--and YET CAN TALK --and get them to breed a new race of nigger-apes. I am SURE we can do it. When we have enough of them, we will then enroll a few in every White school in a JEWISH neighborhood.

Ought to be great fun to watch Hymie Cohen, 6, running around the school yard in terror with one of his nigger-ape "brothers" clinging, screaming in ape-joy, to his back; or to see Miss Rabinowitz, the teacher, trying to get an ape-nigger pupil to stop swinging from the overhead lights and throwing banana peels and grapes at the little Jews in the class!

The entire ensemble, niggers, Jews and their new nigger-ape brothers, can render "We Shall Overcome" in a manner which ought to warm the very Jew cockles of Harry Golden's race-mixing old heart!

Seriously, I believe such an experiment WOULD work, if carried out with determination. And if we produced only two or three nigger-apes, we would give the enemy FITS, trying to decide if these "things", too, are "equal".

Millionaires wishing to back the project, let us know. We have a few coon studs in mind already. And we don't expect to have much difficulty getting their cooperation in the breeding pens. They seem to be experienced and eager.

Witch Doctors and Stars

Every day's mail brings me 25 or 30 letters telling me that I would long ago have been in the White House had I only known of some secret advice or system or trick secretly known only to the writers of these letters. Believe it or not, these people often want to sell me these priceless secrets for saving ourselves. My reply is almost always a question to the writer why he himself is not making use of this priceless information.

I know a lot of these letters are meant in the best of good faith and I accept them in that spirit although I obviously cannot keep wrenching around party tactics and strategy to make use of all these well-meant suggestions. Once in a while, it is inevitable that some of these suggestions wind up in being very valuable--but not in the way intended by the writer. Life is pretty grim around here most of the time. With no offense to the good-hearted people who make similar suggestions, I must admit that I enjoy a hearty and wholesome laugh when, as has happened, somebody writes me and tells me that he is in touch with the master of outer-space and, if I will just say the word, he will have these masters "turn off the heat" on the world and freeze everybody to death just to teach the Jews a thing or two.

A sample of one of these humorous occurances took place here a few weeks ago.

A truly great patriot, for whom I have the highest respect, persists in believing in astrology, like many good folks. I personally consider astrology to be on a par with witch doctors and leprechauns.

In a sincere effort to be helpful, this patriot sent me an astrological forecast very carefully made up to help me wither this battle. It was supposed to show the "good" days and "bad" days for various activities. The very first day listed was October 1. My horoscope showed that October 1 should bring a smashing victory and all sorts of good news. It was very encouraging and cheerful.

On October 1, 1963, I was indicted by a 50% nigger grand jury in Emporia, Va., and ordered by the court to prepare to defend myself from a sentence to ten years in the penitentiary.
